BRAKESTRIP+ PLUS KIT

Brake Fluid and Coolant Test Strips

Part Number 3006PLUS

1 DIP IN BRAKE FLUID

2 DIP IN COOLANT

3 COMPARE COLOR

WITHIN MINUTES DIAGNOSE BRAKE FLUID AND COOLANT

BrakeStrip Plus measures the corrosion of your brake fluid, as well as the freeze/boil point and acidic levels of engine coolant. In as little as sixty seconds you have clear, repeatable, reliable proof if a brake fluid or coolant exchange is needed.

BENEFITS OF BRAKESTRIP:

- Clear color change in proportion to corrosion levels
- Follows MAP guidelines and US Military Approved
- Reliable proof of whether or not a vehicle's brake fluid meets DOT FMVSS 116 standards

BENEFITS OF COOLANTSTRIP:

- Easy to read integrated glycol color metric scale
- Follows MAP, ASL and ASTM guidelines
- Compatible with all coolant colors, including conventional, long life, extended life, Dex Cool and Low Tox

KIT INCLUDES:

100 Double-Ended Test Strips

+

100 Rating Scale Cards
